## VENUES

**Thank you for considering the Hemsley Conservation Centre as a corporate partner or event host.** Your support of the centre helps us to continue to sustain and advance our Education and Conservation programs and directly contributes to the welfare of our animals.

We have put together your need to know information in this booklet. Inside, you'll find information on the venues and then packages for meeting and events. Don't worry though, if you need something tailored, just get in touch!

If you're after camping information, please see our dedicated camping booklet.

# TEAM BUILDING ACTIVITIES

## **Enrichment**

This activity will see your team introduced to animal enrichment which keeps use to keep animals mentally and physically stimulated. After assessing the needs of the chosen species, your team will be given advice and supplied with the materials needed to race against the clock to design and construct an item that our animals will test out!

This exercise focuses on planning, time budgets and cooperation, before being judged by the harshest of critics – the animals!

## **Animal Encounter Session**

An exclusive meet and greet for your team. Be introduced to the world of some of our smaller animals, such as our armadillos and invertebrates!
