

MONKEY

Sensory play

TUESDAYS 10:00 - 11:00 AM
HEMSLEY CONSERVATION
CENTRE TEAROOM
(AGES 2 -5 YEARS OLD)

Sensory play allows your little one to learn through exploring the world around them at their own pace and by following their own curiosity in a fun, safe and enjoyable way, with your support.

By focusing on developing your child's 5 senses, they will learn to be able to make connections, develop their language and social skills, as well as continue to develop their fine motor skills.

This is an opportunity to meet and mingle with others in a relaxed, enjoyable environment, whilst engaging in stimulating activities with your little one. Once the session has finished, you could always take further advantage of the surroundings by enjoying a coffee and cake in the tearoom or by visit the zoo!

Just remember it is sensory play, so it might get messy.

- Each session lasts 1 hour and can be block booked or payed for weekly.
- Every week is themed and will have activities specifically designed for you and your child to explore and enjoy.
- Each week we aim to create something the children can take home.
- Qualified Early Years Leader/ QTS / enhanced CRB checked
- Best part... We will clean up the mess!
